Thank you for forwarding the pre-publication copy Colleen. Anita was busy over the holidays! We also appreciate the collaborative effort to update the FIP language, particularly your patience as we worked through the issues with the PM CEMS.

Subject: Proposed Rule to Revise Navajo Generating Station FIP

***SRP EXTERNAL EMAIL WARNING: WERE YOU EXPECTING THIS? IS IT CREDIBLE? IF NOT-REPORT IT! ***

Good afternoon,

The Acting Regional Administrator, Alexis Strauss, signed a noticed of proposed rulemaking to revise certain provisions in the source-specific Navajo Generating Station Federal Implementation Plan (FIP). The proposed revisions would make certain provisions in the FIP consistent with national actions and rulemakings.

We have been working with SRP and representatives from the Navajo Nation for several months on these proposed revisions, and we appreciate the collaborative effort to bring the NGS FIP up-to-date with current requirements. I have attached a fact sheet and pre-publication copy of the notice for your information.

If you have any questions, please contact me at 520-498-0118.
